

ROI CHECKLIST

This list is a tool that helps you collect the data you need to make a return on investment calculation that can help you determine whether an automated cleaning system is right for your business. Fill out the list and contact your local agent to get started.

Please enter your organizations current info. We will calculate the TOTAL COST OF CLEANING for both methods

| | |
|--|-------|
| Number of Anilox Rolls /Day | 0 |
| Minutes to Clean Each Anilox Roll | 0 |
| Workdays per Year | 0 |
| Average Labor Rate / Hour | €0,00 |
| Press Revenue Rate / Hour | €0,00 |
| Cost of Cleaning Supplies / Year | €0,00 |
| Additional Downtime Color Matching due to Dirty / Inconsistent Anilox: | |
| Number of Occurrences / Week | 0 |
| Average Downtime / Occurences (in minutes) per year | 0 |
| Cost of Material Waste / Occurences per year | €0,00 |
| Number of Rolls Damaged By or During Cleaning Process / Year | 0 |
| Cost of New Anilox per year | €0,00 |
